SCENES AT THE HOSPITAL

Lieutenant Blandin's Description of the Wrecked Battleship.

A PERFECT RAIN OF MISSILES.

Seemed as If the Bottom of the Sea Was

Groaning in Torture—Washington

Authorities in a Waiting Atti-

tude—Statement as to Torpe-

does in Havana Harbor.

The Wrecked Vessel

Will Be Raised.

Havana, Feb. 18.—The night of the

disaster to the Maine a light wind from

the southwest was blowing and her head

pointed in a southeasterly direction.

She was moored in about 22 meters of

water forward and drew about 13 meters

aft. The Spanish cruiser Alfonso XII

was about 200 meters from the Ameri-

can battleship.

A press correspondent was in the

cable office writing a message when the

explosion occurred. He saw from the

window of that office a great column of

fire shooting upward and he hurried to

the wharf and to the quarters of Ad-

miral Manterola. By that time the

flames extended over the whole ship

and in a few moments the Maine sank.

The explosion so twisted and dis-

jointed the battleship that her remains

now appear like a pile of wreckage. All

the upper deck structure, turrets and

guns are in a heap.

The foremast and bow of the Maine

have collapsed and now only the end of

her main mast remains above the water.

The boats of the Spanish cruiser Al-

fonso XII have picked up a quantity of

wreckage, including boats and a flag,

and yesterday 10 more bodies were

found in the harbor and taken to the

morgue. It is impossible to identify

them.

Captain Sigbee went on board the

Alfonso XII yesterday and thanked the

Spanish commander, Captain Manuel

Elías, for the services the Spanish sail-

ors had rendered upon the occasion of

the great disaster.

Contrary to the reports current, the

divers have not yet made any investi-

gation of the wreck.

Preparations for Burial of Dead.

The scenes at the hospitals of San

Anambrosio and the Alfonso XII are

heart-breaking. Some of the men, how-

ever, are already much better, and they

are carefully attended by Dr. Bernardo

Maas, whose treatment is kindness it-

self. Two are near death—Carl Smith,

whose leg and jaw were broken and

who is badly burned, and A. Anderson,

who has burns all over his body. Both

have received the sacraments.

Preparations for interment of the dead

yesterday were elaborate. Twenty-two

bodies were taken to the city hall, where

they rested in coffins covered with beau-

tiful crowns of silk ribbons, with ap-

propriate inscriptions.

A crown from the city council bore

the inscription: "The people of Havana

to the victims of the Maine." There

SENORA EMILIA MAAS, Lucia Lacoste, Mrs. T. Gonzales, Miss Cataline Cassa, Charles and George Hamlett and a crown from the firm of Dalmont Bros., with the inscription: "To the victims of the Maine."

Shortly before the hour for the interment all Havana was in movement. Flags on the public buildings were at half-mast and many of the houses were draped in mourning. All classes were represented in the throngs that filled the streets along which the funeral procession passed to the cemetery.

WHAT A SURVIVOR SAYS.

Lieutenant Blandin's Description of the

Maine Explosion.

KEY WEST, Feb. 18.—Lieutenant John J. Blandin of Baltimore, one of the Maine's survivors, who is at the Key West hotel, last night gave a succinct account of the disaster, saying that not until now has he been able to recollect the sequence of events in the awful 10 minutes following the explosion Tues-

day evening. Lieutenant Blandin said:

"I was on watch, and when the men

had been piped below, I looked down

the main hatch and over the side of

the ship. Everything was absolutely

normal. I walked aft to the quarter

deck, behind the rear turret, as is al-

lowed after 8 o'clock in the evening,

and sat down on the port side, where I

remained for a few minutes. Then, for

some reason I cannot explain to myself

now, I moved to the starboard side and

sat down there. I was feeling a bit

languid, and in fact, was so quiet that

Lieutenant Hood came up and asked,

laughingly, if I was asleep. I said,

"No; I am on watch."

"Scarcely had I spoken when there

came a dull, sullen roar. Would to God

that I could blot out the sound and the

scenes that followed. Then came a

sharp explosion; some say numerous de-

tonations. I remember only one. It

seemed to me that the sound came

from the port side forward. Then came

a perfect rain of missiles of all kinds,

from huge pieces of cement, blocks of

wood, steel railings, fragments of grat-

ings and all the debris that would be

detachable in an explosion.

"I was struck on the head by a piece

of cement and knocked down, but I

was not hurt and got to my feet in a

moment. Lieutenant Hood had run to

the poop and I followed.

Cool as if at a Ball.

"When I got there, though scarcely a

minute could have elapsed, I had to

wade in water to my knees, and almost

instantly the quarter deck was awash.

On the poop I found Captain Sigbee,

as cool as if at a ball, and soon all the

officers except Jenkins and Merritt

joined us. The poop was above water

after the Maine settled to the bottom.

"Captain Sigbee ordered Lieutenant

Commander Wainwright forward to see

the extent of the damage and if any-

thing could be done to rescue those

forward or to extinguish the flames which

followed close upon the explosion and

burned fiercely as long as there was

any combustibles above water to feed

them.

Lieutenant Commander Wainwright

on his return reported the total and

awful character of the calamity, and

Captain Sigbee gave the last sad order

"Abandon ship," to men overwhelmed

with grief indeed, but calm and ap-

parently unexcited.

"I have no theories as to the cause

of the explosion. I cannot form any.

An examination by divers may tell some-

thing to a court of inquiry. I with

others had heard that the Havana har-

bor was full of torpedoes, but the offi-

cers whose duty it was to examine into

that, reported that they found no signs

of any. Personally I do not believe the

torpedoes planted in Havana harbor, it is said at the navy department that no body, aside from the Spanish officers in Havana, knows what has been done to protect the harbor in that manner.

The location of these torpedoes is kept a profound secret, only a few officers of the army being entrusted with the knowledge. If their location were known it would be easy for an attacking enemy to remove or explode them without causing harm to their own vessels.

It is not usual to keep the torpedoes actually in their berths in the water in times of peace.

These torpedoes are not of the contact type, as are called the torpedoes that are set to go off upon the touch of the hull of a vessel passing over them, but are arranged to be exploded only by means of electricity currents sent from shore by buried wires. These fixed torpedoes are really mines, and carry much larger charges than the small automobile torpedoes discharged from the torpedo tubes of warships.

Twenty-Seven Buried.

WASHINGTON, Feb. 18.—The following cablegram from Captain Sigbee at Havana was received last night by the secretary of the navy: Twenty-seven dead buried; 25 found in harbor and two died in hospital. Following can be recognized: Dierking, drummer; J. S. Graham, W. H. Tinsman, landsman; Brown, sergeant of marines; Nero, chief machinist; Keyes, ordinary seaman; Sheridan, Gaffney, Cosgrove, Seary, firemen; Golpnie, marine; Kane, coal passer; J. Smith, seaman.

DeLome Incident Closed.

WASHINGTON, Feb. 18.—Spain has officially disclaimed in positive manner the reflections contained in the DeLome letter and, as officially announced by the state department yesterday, the incident is satisfactorily closed.

BURNING SCHOOLHOUSES.

Rioters in Lonoke County, Ark., Destroying Property.

LITTLE ROCK, Feb. 18.—Rioting has been resumed in Lonoke county. A mob has been at work for the past several nights in Crooked Creek township, burning and otherwise destroying property. Nearly every schoolhouse in the township has been burned and other public property destroyed.

The grand jury of Lonoke county which has just adjourned, says in its report: "We have made especial efforts to investigate and ferret out the depredations and outrages committed against some of the colored residents of the town of Lonoke, but regret to state that our efforts have been without success and we are compelled to refer these matters to the next grand jury."

GUARD ENCAMPMENT.

IT WILL BE HELD UNDER BRIGADE REGULATIONS IN ILLINOIS.

SPRINGFIELD, Ill., Feb. 18.—It has been given out authoritatively that the encampment of the Illinois National Guard at Camp Lincoln during the coming summer, will be held under brigade regulations. The encampment will last about three weeks, and during that time battle exercises and military problems will be in order. Two years ago the brigade encampment attracted the attention of military men all over the country. Long marches and battle formalities were executed, and it is likely that this summer at Camp Lincoln there will be more extensive maneuvers along this line.

MAY NOT ATTEND.

Bradley Not Likely to Be Present at the Launching of the Kentucky.

LOUISVILLE, Feb. 18.—It has been decided that neither Governor Bradley nor any of the state troops will attend the launching of the battleship Kentucky on March 15. The governor will be occupied by the closing days of the legislature on that date, and it is not thought advisable to send the troops without the governor.

Secretary J. F. Backner, of the board of trade, said yesterday that the time of the launch was inconvenient for the business men of Louisville, and he fears only a small delegation from here will attend.

WITHOUT LIGHT OR WATER.

PADUCAH IN DARKNESS AND MANUFACTURING PLANTS CLOSED.

PADUCAH, Ky., Feb. 18.—The city is without light or water, and every concern in the city except the streetcar company, that uses steam is shut down. This includes the Illinois Central shops, working 500 men. The trouble is a sandbar over the water works "intake."

For two days they have been able to pump nothing but sand, and the water supply is completely exhausted. The city's fire protection now consists of 13 cisterns in various parts of the city, and nearly all the stores are compelled to use lamps, all the light plants being shut down.

Senate and House.

WASHINGTON, Feb. 18.—The senate yesterday adopted the resolution by Mr. Turpie (Ind.), declaring the senate's opposition to the confirmation of the sale of the Kansas Pacific railroad, by a vote of 34 to 29. Mr. Allen (Ind.) introduced a resolution instructing the naval affairs committee to investigate the blowing up of the Maine. The resolution went over. The senate then decided to take a vote on the title of Senator Corbett (Or.) to a seat in the senate. The house debated the bankruptcy bill.

Murderer Merry Resisted.

SPRINGFIELD, Ill., Feb. 18.—Christopher Merry, the peddler, who was to have been hanged today for wife murder, has been respite for 60 days by Governor Tanner. Merry's lawyers asked for time to appeal to the supreme court.

HOW SPANIARDS FEEL

Visit of United States Warships to Cuba Annoying.

WHAT THE ALARMISTS PROPOSE

They Desire the Closing of Harbors of Cuba and Spain to American Vessels and the Withdrawal of Autonomy—Seat of War Properly in New York and Washington.

MADRID, Feb. 18.—While admitting that the visits paid by United States men-of-war to Cuba are "annoying," and that those proposed to be paid to Spain will be "still more annoying," should they take place, and that it is matter for regret that since the new regime has come into force in Cuba all the insurgents have "not yet submitted," the Liberal of this city, points out the absurdity of following the suggestions made by the alarmists in Spain. These suggestions are:

1. To close the harbors of Cuba and Spain to the American vessels, even though they come in the guise of courteous visitors, and if they take it ill then declare war against them.

2. Withdraw the new form of government granted to Cuba, raise the effective army there to 200,000 men, and go on as before.

The Liberal urges that patience and calmness are the remedies now required to meet the difficulties facing Spain, adding:

"If dangers threaten, let them be met with composure and due measures taken to overcome them as far as possible. With nations, as with individuals, shrieking and excitement in the presence of peril, far from being proofs of valor, are evidence only of weakness of mind."

The Liberal calls attention to the fact that the reasonable and practicable opinion in the United States is against a war, in proof of which it quotes from the New York press as saying is well known in the United States that "once hostilities begin the results will be very uncertain," and that is "just as likely that New York and Boston may be reduced to ashes as Barcelona and Cadiz."

"On that account," The Liberal adds, "and because of the numerous commercial losses that would ensue no one wishes to plunge into extravagant adventure. Even the jingoes pay some tribute to common sense, though at the same time they indulge in their habitual boasting."

In conclusion, The Liberal says: "If we keep calm and pursue with decision and unity the right path, neither the naval evolutions nor the diplomatic maneuvers of the United States will have any power against us."

The Herald bluntly says that the "real seat of the war is not in Cuba, where it would be impossible for 20,000 rebels, led by ignorant leaders, to make head against the Spanish arms, but in New York and Washington."

FRANCIS WILLARD.

The Great Temperance Advocate Passes Away.

NEW YORK, Feb. 18.—Miss Frances E. Willard, president of the Woman's Christian Temperance union, died shortly after midnight this morning at the Hotel Empire, this city. At the bedside of Miss Willard at the time of her death were her niece, Mrs. W. Baldwin, Mrs. L. M. Stevens, vice president of Woman's Christian Temperance union; Miss Anna M. Gordon, Miss Willard's secretary, and Dr. Alfred K. Hill. Miss Willard had been ill for about three weeks.

Lieutenant Blandin's Description of the Wrecked Battleship.

A PERFECT RAIN OF MISSILES.

Seemed as if the Bottom of the Sea Was Grooming in Torture—Washington Authorities in a Waiting Attitude—Statement as to Torpedoes in Havana Harbor.

Preparations for Burial of Dead.

The scenes at the hospitals of San Ambrosio and the Alfonso XII are heart-breaking. Some of the men, however, are already much better, and they are carefully attended by Dr. Bernardo Maas, whose treatment is kindness itself. Two are near death—Carl Smith, whose leg and jaw were broken and who is badly burned, and A. Anderson, who has burns all over his body. Both have received the sacraments.

Preparations for interment of the dead yesterday were elaborate. Twenty-two bodies were taken to the city hall, where they rested in coffins covered with beautiful crowns of silk ribbons, with appropriate inscriptions.

A crown from the city council bore the inscription: "The people of Havana to the victims of the Maine." There was a handsome crown of silk ribbons in the Spanish national colors, with the inscription: "The navy department at Havana to the victims of the Maine."

Among other tokens was one from Lawton Childs, with the inscription: "To our brave dead sailors," a flower cross from the New York Morning Journal and Advertiser, an emblem from the Havana Yacht club, and floral or other tributes from M. Carranza.

There is no sadder sight than that of the orphan child bereft of the loving care of a mother. If women would but learn the vital importance of taking proper care of their health, and all ways look after the health and vigor of the organs distinctly feminine, the pitiful Sabbath day procession of mangled children that goes to the cemetery to "put flowers on ma-ma's grave" would be materially reduced in numbers. Too many women bring a child into the world at the sacrifice of their own life. This sad tragedy may be avoided by any women who will resort to the right remedy.

The usual dangers of maternity are banished by the use of Dr. Pierce's Favorite Prescription. It acts directly and only on the important and delicate organs that bear the burdens of motherhood. It makes them healthy and strong, vigorous and elastic. It does away with the discomforts of the expectant period, insures the health of the newborn, and makes its advent free from danger and almost free from pain. Over 90,000 have testified to its virtues. Druggists who offer substitutes are untrustworthy.

Mrs. William Vincent, of Sidway, Houghton Co., Mich., (care Birdland's Camp, Box B), writes: "When I first began to take your 'Favorite Prescription,' four years ago, I was suffering with local weakness and heart trouble. At times I could hardly endure the pain in my sides, quite low down, and had such a pain between my shoulders I could not sleep at night. Was just as tired in the morning as at night. At times there was a sharp pain around my heart. When I would sleep over there was a dull aching just under the heart. My head ached and was constantly sore to the touch. I took ten bottles of the 'Favorite Prescription' and one bottle of the 'Golden Medical Discovery.' I can most truly say that as a result I never felt better in my life. I was more like a young girl than a mother of a family. The pains all left me, so I know that your medicine will do all that medicine can do."

A headache is a symptom of constipation. Dr. Pierce's Pleasant Pellets cure constipation, promptly and permanently. They do not gripe. Druggists sell them.

SENORA EMILIA MAAS, Lucia Lacoste, Mrs. T. Gonzales, Miss Cataline Casasa, Charles and George Hamlett and a crown from the firm of Dalmion Bros., with the inscription: "To the victims of the Maine."

Shortly before the hour for the interment all Havana was in movement. Flags on the public buildings were at half-mast and many of the houses were draped in mourning. All classes were represented in the throngs that filled the streets along which the funeral procession passed to the cemetery.

WHAT A SURVIVOR SAYS.

Lieutenant Blandin's Description of the Maine Explosion.

KEY WEST, Feb. 18.—Lieutenant John J. Blandin of Baltimore, one of the Maine's survivors, who is at the Key West hotel, last night gave a succinct account of the disaster, saying that not until now has he been able to recollect the sequence of events in the awful 10 minutes following the explosion Tuesday evening. Lieutenant Blandin said: "I was on watch, and when the men had been piped below, I looked down the main hatches and over the side of the ship. Everything was absolutely normal. I walked aft to the quarter deck, behind the rear turret, as is allowed after 8 o'clock in the evening, and sat down on the port side, where I remained for a few minutes. Then, for some reason I cannot explain to myself now, I moved to the starboard side and sat down there. I was feeling a bit giddy and, in fact, was so quiet that Lieutenant Hood came up and asked, laughingly, if I was asleep. I said, 'No; I am on watch.'"

"Scarcely had I spoken when there came a dull, sullen roar. Would to God that I could blot out the sound and the scenes that followed. Then came a sharp explosion; some say numerous detonations. I remember only one. It seemed to me that the sound came

from the port side forward. Then came a perfect rain of missiles of all kinds, from huge pieces of cement, blocks of wood, steel railings, fragments of gratings and all the debris that would be detachable in an explosion. "I was struck on the head by a piece of cement and knocked down, but I was not hurt and got to my feet in a moment. Lieutenant Hood had run to the poop and I followed.

Cool as if at a Ball.

"When I got there, though scarcely a minute could have elapsed, I had to wade in water to my knees, and almost instantly the quarter deck was awash. On the poop I found Captain Sigbee, as cool as if at a ball, and soon all the officers except Jenkins and Morrill joined us. The poop was above water after the Maine settled to the bottom.

"Captain Sigbee ordered Lieutenant Commander Wainwright forward to see the extent of the damage and if anything could be done to rescue those forward or to extinguish the flames which followed close upon the explosion and burned fiercely as long as there was any combustibles above water to feed them.

Lieutenant Commander Wainwright on his return reported the total and awful character of the calamity, and Captain Sigbee gave the last sad order: "Abandon ship," to men overwhelmed with grief, but calm and apparently unexcited.

"I have no theories as to the cause of the explosion. I cannot form any. An examination by divers may tell something to a court of inquiry. I with others had heard that the Havana harbor was full of torpedoes, but the officers whose duty it was to examine into that, reported that they found no signs of any. Personally I do not believe the Spanish had anything to do with the disaster. Time may tell. I hope so.

"I wish to heaven I could forget it. I have been in two weeks now and have had my share. But the reverberations of that sullen, yet, resonant roar, as if from the bottom of the sea were groaning in torture will haunt me for many a day and the reflection of that pillar of flame comes to me even when I close my eyes.

WAITING ATTITUDE.

That is the Position of the Government as to the Disaster.

WASHINGTON, Feb. 18.—The government has settled back into a waiting attitude in respect to the terrible marine disaster in Havana harbor. The great shock caused by the news has given way to a calmer and more judicial state of mind, realizing that the court of inquiry is the sole dependence in the search for the cause of the Maine's loss.

The naval officials are now resigned to await the results of that inquiry by a court named yesterday by the navy department.

The air of suppressed excitement which characterized the movement of the employees and visitors at the white house for two days is not noticeable now. On the street there is noticeably less excitement than when the people were loth to believe that under the circumstances the loss of the Maine could be traced to other than Spanish sources.

All flags throughout the city including those on the capitol and the department buildings are flying at half-mast and among the others is conspicuous that of "Cuba Libre," which flies from the staff on the Hotel Raleigh at the headquarters of the Cuban junta.

The Maine Will Be Raised.

Notwithstanding discouraging reports from Lieutenant Hood as to the Maine's condition, the navy department will make the effort to raise her, while this is required by every creditable sentiment, they say that they are bound to remove the hull from the small harbor in any case, and it may be as easy or easier to raise her as it would be to destroy the hull and machinery by the use of divers and dynamite. It is believed that this work can best be done by private wrecking corporations, and negotiations are already afoot for placing the contract, based on work by the day, at an estimated cost of \$200,000.

as to the statement relative to the

torpedoes planted in Havana harbor, it is said at the navy department that no body, aside from the Spanish officers in Havana, knows what has been done to protect the harbor in that manner.

The location of these torpedoes is kept a profound secret, only a few officers of the army being entrusted with the knowledge. If their location were known it would be easy for an attacking enemy to remove or explode them without causing harm to their own vessels.

It is not unusual to keep the torpedoes actually in their berths in the water in times of peace.

These torpedoes are not of the contact type, as are called the torpedoes that are set to go off upon the touch of the hull of a vessel passing over them, but are arranged to be exploded only by means of electricity currents sent from shore by buried wires. These fired torpedoes are really mines, and carry much larger charges than the small automobile torpedoes discharged from the torpedo tates of warships.

LITTLE ROCK, Feb. 18.—Rioting has been resumed in Lonoke county. A mob has been at work for the past several nights in Crooked Creek township, burning and otherwise destroying property. Nearly every schoolhouse in the township has been burned and other public property destroyed.

The grand jury of Lonoke county which has just adjourned, says in its report: "We have made special efforts to investigate and ferret out the depredations and outrages committed against some of the colored residents of the township have been burned and other public property destroyed."

"On that account," the grand jury adds, "and because of the numerous commercial losses that would ensue no one wishes to plunge into extravagant adventure. Even the jingoes pay some tribute to common sense, though at the same time they indulge in their habitual boasting."

In conclusion, the grand jury says: "If we keep calm and pursue with decision and unity the right path, neither the naval evolutions nor the diplomatic maneuvers of the United States will have any power against us."

The grand jury also says that the "real seat of the war is not in Cuba, where it would be impossible for 20,000 rebels, led by ignorant leaders, to make head against the Spanish arms, but in New York and Washington."

FRANCIS WILLARD.

The Great Temperance Advocate Passes Away.

NEW YORK, Feb. 18.—Miss Frances E. Willard, president of the Woman's Christian Temperance union, died shortly after midnight this morning at the Hotel Empire, this city. At the bedside of Miss Willard at the time of her death were her niece, Mrs. W. W. Baldwin, Mrs. L. M. Stevens, vice president of Woman's Christian Temperance union; Miss Anna M. Gordon, Miss Willard's secretary, and Dr. Alfred K. Hill. Miss Willard had been ill for about three weeks.

OHIO LEGISLATURE.

Resolutions Passed Deploring the Loss of Life in Havana Harbor.

COLUMBUS, O., Feb. 18.—The senate yesterday adopted a joint resolution deploring the loss of life in the destruction of the battleship Maine and expressing sympathy to mothers, wives and daughters of those who perished. The resolution suggested the halfting of the flags on the state buildings. Lieutenant Governor Jones announced that he had already ordered the halfting of flags. The house, on motion of Cline of Cincinnati, suspended the rules and at once concurred in the senate resolution.

Attention Paid to Landis.

WASHINGTON, Feb. 18.—In the course of the debate on the bankruptcy bill yesterday Mr. Maddox (Dem., Ga.) took occasion to reply to a speech made by Mr. Landis (Rep., Ind.) last week before the Middlesex club of Boston. He denounced Mr. Landis' reference to the south and her people as slanders, and said that a man who would indulge in such misrepresentation at a public dinner was unworthy of a place on the floor of the house.

HOW SPANIARDS FEEL

Visit of United States Warships to Cuba Annoying.

WHAT THE ALARMISTS PROPOSE

They Desire the Closing of Harbors of Cuba and Spain to American Vessels and the Withdrawal of American Warships—Seat of War Properly in New York and Washington.

MADRID, Feb. 18.—While admitting that the visits paid by United States men-of-war to Cuba are "annoying," said that those proposed to be paid to Spain will be "still more annoying," should they take place, and that it is matter for regret that since the new regime has come into force in Cuba all the insurgents have "not yet submitted." The Liberal of this city, points out the absurdity of following the suggestions made by the alarmists in Spain. These suggestions are:

1. To close the harbors of Cuba and Spain to the American vessels, even though they come in the guise of courteous visitors, and if they take it ill then declare war against them.

2. Withdraw the new form of government granted to Cuba, raise the effective army there to 200,000 men, and go on as before.

The Liberal urges that patience and calmness are the remedies now required to meet the difficulties facing Spain, adding:

"If dangers threaten, let them be met with composure and due measures taken to overcome them as far as possible. With nations, as with individuals, shrieking and excitement in the presence of peril, far from being proofs of valor, are evidence only of weakness of mind."

The Liberal calls attention to the fact that the reasonable and practicable opinion in the United States is against a war, in proof of which it quotes from the New York press as saying it is well known in the United States that "once hostilities begin the results will be very uncertain."

As to that, and as "just as likely that New York and Boston may be reduced to ashes as Barcelona and Cadiz."

"On that account," the Liberal adds, "and because of the numerous commercial losses that would ensue no one wishes to plunge into extravagant adventure. Even the jingoes pay some tribute to common sense, though at the same time they indulge in their habitual boasting."

In conclusion, the Liberal says: "If we keep calm and pursue with decision and unity the right path, neither the naval evolutions nor the diplomatic maneuvers of the United States will have any power against us."

The grand jury also says that the "real seat of the war is not in Cuba, where it would be impossible for 20,000 rebels, led by ignorant leaders, to make head against the Spanish arms, but in New York and Washington."

The case of the State against J. H. Hodapp and George Winkenhofer was called in circuit today. They were charged with misappropriating funds of the old Home Furniture Co. when connected with the management of that institution, and the indictment was returned by that late illustrious grand jury.

The case was called today and all parties were ready for trial. A statement of the case was made after which witnesses for the prosecution were called. Four witnesses were examined and by that time it was very evident that no case could be made against the defendants. Though the state's attorney had placed only about half of the witnesses for the prosecution on the stand he fully realized the situation and very properly rested the case. Judge Voyles seeing that no evidence of consequence had been introduced against the defendants and that there was no probability of a case against them acquitted them and dismissed the case.

The many friends of Messrs. Hodapp and Winkenhofer, who never believed for a moment that they were guilty, as charged will be pleased to know of their prompt acquittal.

The Result of Spite.

J. H. Hopewell was fined in the circuit court Thursday \$20 on the charge of neglect of duty as an officer. The case grew out of the disturbance at the B. & O. S. The REPUBLICAN does not desire to criticize the court, but to say the least, the indictment is believed to have been the result of spite and prejudice. Grand juries, as well courts, should rise above such things. They can not do their full duty unless they do.

The Reputation He Made for Himself at Bedford.

In response to a telegram from the city marshal of Seymour, Marshal Walker arrested a man by the name of Reed on the arrival of No. 1 last Saturday. Reed jumped his board bill and was wanted badly to make an example of. He was taken back to Seymour on No. 2, tried, found guilty and locked into jail to the tune of \$53. This is the same man who claimed over at Bedford to be an inspector of G. A. CALL FOR REPUBLICAN PRIMARY.

The republicans of the city of Seymour, Indiana will hold a primary election on Tuesday the 8th day of March. Polls will be opened at one o'clock p. m., and will close promptly at 8 o'clock p. m. There will be one voting place in each ward, place to be designated later. The following officers will be voted for: Mayor, marshal, city clerk, city treasurer, city judge and one councilman from each ward of the city. All persons wishing to be candidates for any of the offices must notify the city chairman not later than the last day of March, 1898.

BOARD OF STATE CHARITIES.

Its Work Among the Dependent Children.

The law, giving the Board of State Charities authority to supervise and assist in the care of the dependent, neglected, and orphan children of the State, has been in force since Feb. 23, 1897, and has been actively administered since the appointment of a state agent, April 1st, 1897. A short review of the results secured will not be out of place at this time.

When the law was passed, there were, in round numbers, 1,500 children being maintained in the various county orphan's homes and poor asylums of the state, 38 counties owned and maintained orphan's homes, 19 sent their children to associations for care, while the remaining 45 were keeping their children at their parents' homes and making almost no effort to get them out into more wholesome surroundings. Except in the case of one county orphan's home and five associations, organized to place out children, no special effort was being made anywhere in the state to remove the children from public care. These six agencies placed 170 of the 290 children that were placed during the year ending Oct. 31st, 1897. In that number are not included those placed by this board.

One of the requirements of the new law is that no child between three and seventeen years shall be maintained in a poor asylum longer than ten days at a time after Jan. 1st, 1898.

Since its establishment, the state agency of this board has succeeded in placing 75 children in homes, who are now in them on indenture or by adoption.

On the basis of the lawful cost of 25 cents a day each, for maintenance of the children at public expense, the work of the state agency thus far has been the means of saving to the sum of \$7,500 annually. Who can compute the saving secured by rescuing these seventy-five children to self supporting citizenship, instead of allowing them to degenerate into paupers or criminals?

DIED.

Conductor John Everhart's son aged nineteen months, died Thursday night, February 17, 1898, with pneumonia.

The remains of Mrs. Frank Hulson who died at her home at Vincennes Wednesday night February 16, 1898, were last night taken to Crothersville, her former home, for interment. She was about forty-seven years old.

BOARD OF STATE CHARITIES.

Its Work Among the Dependent Children.

The law, giving the Board of State Charities authority to supervise and assist in the care of the dependent, neglected, and orphan children of the State, has been in force since Feb. 23, 1897 and has been actively administered since the appointment of a state agent, April 1st, 1897. A short review of the results secured will not be out of place at this time.

When the law was passed, there were, in round numbers, 1,500 children being maintained in the various county orphan's homes and poor asylums of the state. 38 counties owned and maintained orphan's homes, 19 sent their children to associations for care, while the remaining 45 were keeping their children at their poor asylums and making almost no effort to get them out into more wholesome surroundings. Except in the case of one county orphan's home and five associations, organized to place out children, no special effort was being made anywhere in the state to remove the children from public care. These six agencies placed 170 of the 290 children that were placed during the year ending Oct. 31st, 1897. In that number are not included those placed by this board.

One of the requirements of the new law is that no child between three and seventeen years shall be maintained in a poor asylum longer than ten days at a time after Jan. 1st, 1898.

Since its establishment, the state agency of this board has succeeded in placing 75 children in homes, who are now in them on indenture or by adoption.

On the basis of the lawful cost of 25 cents a day each, for maintenance of the children at public expense, the work of the state agency thus far has been the means of saving to the sum of \$7,500 annually. Who can compute the saving secured by rescuing these seventy-five children to self supporting citizenship instead of allowing them to degenerate into paupers or criminals?

DIED.

Conductor John Everhart's son aged nineteen months, died Thursday night, February 17, 1898, with pneumonia.

The remains of Mrs. Frank Hulson who died at her home at Vincennes Wednesday night February 16, 1898, were last night taken to Crothersville, her former home, for interment. She was about forty-seven years old.

Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunk, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately I advised trying 'Electric Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at W. F. Peter's Drug Store.

Food, undigested, is poison. Digested, it is life and strength. Millions of us suffer from indigestion, but we often don't know it. We think it is something else. Even doctors often mistake the symptoms.

Pale, thin people, who are overworked who need strength, who seem in want of proper food, should take Shaker Digestive Cordial. It is astonishing what food will do, when properly digested.

It will make you strong, revive you, refresh you, sustain you, make you fat, restore your color, make muscle, brain fibre, courage, endurance, energy, increase your power to throw off disease and keep you healthy and happy.

Indigestion does just the opposite, but indigestion can be cured and prevented with Shaker Digestive Cordial.

ORIENTAL EYES.

Their Most Landed Beauty Due to False Modes of Living.

An esteemed correspondent of The Woman's Arena writes, "May not the much lauded largeness and luster of the oriental eye be due to false modes of living and to a low grade of civilization?"

In the first place these charms are never found among the working classes or among the tillers of the soil. They belong to the harem and to the harem civilization.

I have examined the women's quarters in Constantinople and Cairo, in Aden and Bombay, in Calcutta and Ja-hore, and even in Hongkong and Canton, and in nearly every instance the women's rooms were small and dark. Where there were windows these were mere slits in the wall, which did not allow any direct light to enter.

The doorway was small and the door was solid and nearly always closed. The lamp was usually a taper and sometimes a candle. The room or rooms looked out upon a long hall or corridor, which was also dark and gloomy, and this in turn upon an arched and roofed veranda.

In nearly all of these places a woman's daily life was conducted in shadow and shade, and after sundown she had less light than fell to the lot of the pilgrim fathers 250 years ago.

Under these conditions the human eye develops like that of the cat and dog. It becomes larger and seemingly more lustrous in order to allow the owner to move about in safety and comfort. Transfer this unfortunate woman to the open street, the field or the deck of a steamer, and her eyes are in a torture from the sunlight. Her forehead is contracted by a terrible frown, her eyelids are screwed together and her eyes seem to be just the opposite of what they are described in poetry and romance.

It may be I am all wrong, but of all poetic humbugs, I think that the hazel-like orb of the orient is the biggest.

Significant.

A drawing master who had been worrying a pupil with contemptuous remarks about his deficiency of skill in the use of the pencil ended by saying: "If you were to draw me, for example, tell me what part you would draw first."

The pupil, with a significant meaning in his eye, looked up to his teacher's face and quietly said: "Your neck, sir."—Pick Me Up.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours, sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention this REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its accuracy of this offer.

Chamberlain's Cough Remedy Always Proves Effectual.

There are no better medicines on the market than Chamberlain's. We have used the Cough Remedy when all others failed, and in every instance it proved effectual. Almost daily we hear the virtues of Chamberlain's remedies extolled by those who have used them. THE AMERICAN MONTHLY REVIEW

It is impossible to promise particular features that will appear in the "AMERICAN MONTHLY" during the coming year, for it is, as the Bookman says, "a great monthly newspaper." As such, it prints for its readers an illustrated account of the notable things which make the history of the month, of the political, the economic, and literary happenings which are of value to intelligent men and women. The Editor's "Progress of the World" tells succinctly an illustrated story of the month. The "Leading Articles" give the best thought and information of the current magazines in five continents, and give timely discussions by authorities on any question of immediate serious import.

The result of this comprehensive effort to edit in one monthly volume the information needed by intelligent people of "live" instincts is best gauged in the opinions which the readers of the AMERICAN MONTHLY have seen fit to express. These are thinking business men, clergymen, editors, lawyers, professors, engineers, the wide-awake women of America. They write that the AMERICAN MONTHLY "is indispensable"; "is simply invaluable"; "is a generous library in itself"; "a historical encyclopedia of the world"; "the best means of aid for a busy man"; "the best periodical of the kind we have ever had"; "a triumph of editorial genius"; "the world under a field-glass" etc., etc.

The Discovery of the Day.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it. It never fails and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits." Dr. King's Discovery for consumption coughs and colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at W. F. Peter's Drug Store.

Not a Dog Killer.

The impression is out that assessors will go forth on their duties this spring armed for the purpose of killing every homeless dog. Such is not the case, however, as that is not a part of his duty. Old Rover can greet the assessor at the gate as in former years with no more fears for his life.

Food, undigested, is poison. Digested, it is life and strength. Millions of us suffer from indigestion, but we often don't know it. We think it is something else. Even doctors often mistake the symptoms.

Pale, thin people, who are overworked who need strength, who seem in want of proper food, should take Shaker Digestive Cordial. It is astonishing what food will do, when properly digested.

It will make you strong, revive you, refresh you, sustain you, make you fat, restore your color, make muscle, brain fibre, courage, endurance, energy, increase your power to throw off disease and keep you healthy and happy.

Indigestion does just the opposite, but indigestion can be cured and prevented with Shaker Digestive Cordial.

Jury Disagreed.

The case of the state of Indiana vs. Charles R. Applegate for practicing medicine without a license, which was taken from Vernon township on a change of Venue and was sent to Deford township, came up for trial in Judge Davis' court Thursday. The jury failed to reach a verdict. The jury stood eight for conviction and four for acquittal. The case is set for another trial on the 18th of February.—Crothersville Commercial.

ORIENTAL EYES.

Their Much Landed Beauty Due to False Modes of Living.

An esteemed correspondent of The Woman's Arena writes, "May not the much lauded largeness and luster of the oriental eye be due to false modes of living and to a low grade of civilization?"

In the first place these charms are never found among the working classes or among the tillers of the soil. They belong to the harem and to the harem civilization.

I have examined the women's quarters in Constantinople and Cairo, in Aden and Bombay, in Calcutta and Ja bare, and even in Hongkong and Canton, and in nearly every instance the women's rooms were small and dark. Where there were windows these were mere slits in the wall, which did not allow any direct light to enter.

The doorway was small and the door was solid and nearly always closed. The lamp was usually a taper and sometimes a candle. The room or rooms looked out upon a long hall or corridor, which was also dark and gloomy, and this in turn upon an arched and roofed veranda.

In nearly all of these places a woman's daily life was conducted in shadow and shade, and after sundown she had less light than fell to the lot of the pilgrim fathers 250 years ago.

Under these conditions the human eye develops like that of the cat and dog. It becomes larger and seemingly more lustrous in order to allow the owner to move about in safety and comfort. Transfer this unfortunate woman to the open street, the field or the deck of a steamer, and her eyes are in a torture from the sunlight. Her forehead is contracted by a terrible frown, her eyelids are screwed together and her eyes seem to be just the opposite of what they are described in poetry and romance.

It may be I am all wrong, but of all poetic humbugs, I think that the false-like orb of the orient is the biggest.

Significant.

A drawing master who had been worrying a pupil with contemptuous remarks about his deficiency of skill in the use of the pencil ended by saying: "If you were to draw me, for example, tell me what part you would draw first."

"The pupil, with a significant meaning in his eye, looked up to his teacher's face and quietly said:

"Your neck, sir."—Pick Me Up.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases.

It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty four hours, sediment or settling indicates kidney or bladder trouble.

The mild and extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. Chamberlain's Cough Remedy Always Proves Effectual.

There are no better medicines on the market than Chamberlain's. We have used the Cough Remedy when all others failed, and in every instance it proved effectual. Almost daily we hear the virtues of Chamberlain's remedies extolled by those who have used them. This is not an empty puff, paid for at so much a line, but is voluntarily given in good faith, in the hope that suffering humanity may try these remedies and, like the writer, be benefited.—From the Glenville (W. ILL-FATED MAINE

What Eye-Witnesses Have to Say
of the Disaster.

SCENES AT THE HOSPITAL

Lieutenant Blandin's Description of
the Wrecked Battleship.

A PERFECT RAIN OF MISSILES.

Seemed as if the Bottom of the Sea Was
Groaning In Torture—Washington
Authorities In a Waiting Atti-

tude—Statement as to Torpe-
does In Havana Harbor.
The Wrecked Vessel
Will Be Raised.

HAVANA, Feb. 18.—The night of the
disaster to the Maine a light wind from
the southwest was blowing and her head
pointed in a southeasterly direction.
She was moored in about 22 meters of
water forward and drew about 13 meters
aft. The Spanish cruiser Alfonso XII
was about 200 meters from the Ameri-
can battleship.

A press correspondent was in the
cable office writing a message when the
explosion occurred. He saw from the
window of that office a great column of
fire shooting upward and he hurried to
the wharf and to the quarters of Ad-
miral Manterola. By that time the
flames extended over the whole ship
and in a few moments the Maine sank.

The explosion so twisted and dis-
jointed the battleship that her remains
now appear like a pile of wreckage. All
the upper deck structure, turrets and
guns are in a heap.

The foremast and bow of the Maine
have collapsed and now only the end of
her main mast remains above the water.

The boats of the Spanish cruiser Al-
fonso XII have picked up a quantity of
wreckage, including boats and a flag,
and yesterday 10 more bodies were
found in the harbor and taken to the
morgue. It is impossible to identify
them.

Captain Sigbee went on board the
Alfonso XII yesterday and thanked the
Spanish commander, Captain Manuel
Elías, for the services the Spanish man-
euvers had rendered upon the occasion of
the great disaster.

Contrary to the reports current, the
divers have not yet made any investi-
gation of the wreck.

Preparations For Burial of Dead.
The scenes at the hospitals of San
Ambrosio and the Alfonso XII are
heart-breaking. Some of the men, how-
ever, are already much better, and they
are carefully attended by Dr. Bernardo
Maas, whose treatment is kindness it-
self. Two are near death—Carl Smith, th,
whose leg and jaw were broken and
who is badly burned, and A. Anderson,
who has burns all over his body. Both
have received the sacraments.

Preparations for interment of the dead
yesterday were elaborate. Twenty-two
bodies were taken to the city hall, where
they rested in coffins covered with beau-
tiful crowns of silk ribbons, with ap-
propriate inscriptions.

A crown from the city council bore
the inscription: "The people of Havana
to the victims of the Maine." There
was a handsome crown of silk ribbons
in the Spanish national colors, with the
inscription: "The navy department at
Havana to the victims of the Maine."

Among other tokens was one from
Lawton Childs, with the inscription
"To our brave dead sailors," a flower
cross from the New York Morning
Journal and Advertiser, an emblem
from the Havana Yacht club, and floral
or other tributes from M. Caranza.

There is no sadder sight
than that of the orphan-child
bereft of the loving care of a
mother. If women would
learn the vital
importance of
taking proper
care of their
health, and al-
ways look after the health and vigor of
the organs distinctly feminine, the pitiful
Sabbath day procession of motherless
children that goes to the cemetery to "put
flowers on ma-ma's grave" would be mat-
terially reduced in numbers. Too many
women bring a child into the world at the
sacrifice of their own life. This sad trag-
edy may be avoided by any women who
will resort to the right remedy.

The usual dangers of maternity are ban-
ished by the use of Dr. Pierce's Favorite
Prescription. It acts directly and only on
the important and delicate organs that
bear the burdens of motherhood. It
makes them healthy and strong, vigorous
and elastic. It does away with the dis-
comforts of the expectant period, insures
the health of the newborn, and makes
its advent free from danger and almost
free from pain. Over 90,000 have testi-
fied to its virtues. Druggists who offer
substitutes are untrustworthy.

Mrs. William Vincent, of Sylvania, Houghton
Co., Mich., (care Birgland's Camp, Box 11), writes:
"When I first began to take your 'Favorite Pre-
scription,' four years ago, I was suffering with
local weakness and heart trouble. At times I
could hardly endure the pain in my side, quite
low down, and had such a pain between my
shoulders I could not sleep at night. Was just
tired in the morning as at night. At times there
was a very sharp pain around my heart. When
I would stoop over there was a dull aching just
under the heart. My head ached and was con-
tinually sore to the touch. I took ten bottles of
the 'Favorite Prescription' and one bottle of the
'Golden Medical Discovery.' I can most truly
say that as a result I never felt better in my life.
I was more like a young girl than a mother of a
family. The pain all left me, so I know that your
medicines will do all that medicine can do."

A headache is a symptom of constipation.
Dr. Pierce's Pleasant Pellets cure constipa-
tion, promptly and permanently. They do
not gripe. Druggists sell them.

SENORA EMILIA MAAS, Lucia Lacoste,
Mrs. T. Gonzales, Miss Cataline Cassa,
Charles and George Hamlett and a
crown from the firm of Dalmoe Bros.,
with the inscription: "To the victims
of the Maine."

Shortly before the hour for the inter-
ment all Havana was in movement.
Flags on the public buildings were at
half-mast and many of the houses were
draped in mourning. All classes were
represented in the throngs that filled
the streets along which the funeral pro-
cession passed to the cemetery.

WHAT A SURVIVOR SAYS.
Lieutenant Blandin's Description of the
Maine Explosion.

KEY WEST, Feb. 18.—Lieutenant John
J. Blandin of Baltimore, one of the
Maine's survivors, who is at the Key
West hotel, last night gave a succinct
account of the disaster, saying that not
until now has he been able to recollect
the sequence of events in the awful 10
minutes following the explosion Tues-
day evening. Lieutenant Blandin said:
"I was on watch, and when the men
had been piped below, I looked down
the main hatches and over the side of
the ship. Everything was absolutely
normal. I walked aft to the quarter
deck, behind the rear turret, as is al-
lowed after 8 o'clock in the evening,
and sat down on the port side, where I
remained for a few minutes. Then, for
some reason I cannot explain to myself
now, I moved to the starboard side and
sat down there. I was feeling a bit
glum and, in fact, was so quiet that
Lieutenant Hood came up and asked,
laughingly, if I was asleep. I said,
"No; I am on watch."

torpedoes planted in Havana harbor, it
is said, at the navy department that no
body, aside from the Spanish officers in
Havana, knows what has been done to
protect the harbor in that manner.

The location of these torpedoes is kept
a profound secret, only a few officers of
the army being entrusted with the
knowledge. If their location were
known it would be easy for an attack-
ing enemy to remove or explode them
without causing harm to their own ves-
sels.

It is not usual to keep the torpedoes
actually in their berths in the water in
times of peace.

These torpedoes are not of the con-
tract type, as are called the torpedoes
that are set to go off upon the touch of
the hull of a vessel passing over them,
but are arranged to be exploded only by
means of electricity currents sent from
shore by buried wires. These fixed tor-
pedoes are really mines, and carry much
larger charges than the small automa-
tic torpedoes discharged from the torpe-
do tubes of warships.

Twenty-Seven Buried.
WASHINGTON, Feb. 18.—The follow-
ing cablegram from Captain Sigbee at
Havana was received last night by the
secretary of the navy: Twenty-seven
dead buried; 25 found in harbor and two
died in hospital. Following came a re-
cognized: Dierking, drummer; J. S.
Graham, W. H. Tinsman, landsmen;
Brown, sergeant of marines; Nero, chief
machinist; Keyes, ordinary seaman;
Sheridan, Gaffney, Cosgrove, Seary,
Sheridan; Golpene, marine; Kane, coal
passer; J. Smith, seaman.

DeLome Incident Closed.
WASHINGTON, Feb. 18.—Spain has of-
ficially disclaimed in positive manner
the reflections contained in the DeLome
letter and, as officially announced by
the state department yesterday, the in-
cident is satisfactorily closed.

BURNING SCHOOLHOUSES.
Rioters in Louke County, Ark., Destroy-
ing Property.
LITTLE ROCK, Feb. 18.—Rioting has
been resumed in Louke county. A
mob has been at work for the past sev-
eral nights in Crooked Creek township,
burning and otherwise destroying prop-
erty. Nearly every schoolhouse in the
township has been burned and other
public property destroyed.

The grand jury of Louke county
which has just adjourned, says in its
report: "We have made especial efforts
to investigate and ferret out the depre-
dations and outrages committed against
some of the colored residents of the
town of Louke, but regret to state that
our efforts have been without success
and we are compelled to refer these mat-
ters to the next grand jury."

GUARD ENCAMPMENT.
It Will Be Held Under Brigade Regula-
tions in Illinois.
SPRINGFIELD, Ill., Feb. 18.—It has
been given out authoritatively that the
encampment of the Illinois National
Guard at Camp Lincoln during the com-
ing summer, will be held under brigade
regulations. The encampment will last
about three weeks, and during that
time battle exercises and military prob-
lems will be in order. Two years ago
the brigade encampment attracted the
attention of military men all over the
country. Long marches and battle for-
malities were executed, and it is likely
that this summer at Camp Lincoln there
will be more extensive maneuvers along
this line.

MAY NOT ATTEND.
Bradley Not Likely to Be Present at the
Launching of the Kentucky.
LOUISVILLE, Feb. 18.—It has been de-
cided that neither Governor Bradley
nor any of the state troops will attend
the launching of the battleship Ken-
tucky on March 15. The governor will
be occupied by the closing days of the
legislature on that date, and it is not
thought advisable to send the troops
without the governor.

Secretary J. F. Buckner, of the board
of trade, said yesterday that the time of
the launch was inconvenient for the
business men of Louisville, and he fears
only a small delegation from here will
attend.

WITHOUT LIGHT OR WATER.
Paducah In Darkness and Manufacturing
Plants Closed.
PADUCAH, Ky., Feb. 18.—The city is
without light or water, and every con-
cern in the city except the streetcar
company, that uses steam is shut down.
This includes the Illinois Central shops,
working 500 men. The trouble is a
sandbar over the water works "intake."
For two days they have been able to
pump nothing but sand, and the water
supply is completely exhausted. The
city's fire protection now consists of 13
cisterns in various parts of the city, and
nearly all the stores are compelled to
use lamps, all the light plants being
shut down.

Senate and House.
WASHINGTON, Feb. 18.—The senate
yesterday adopted the resolution by Mr.
Turpie (Ind.), declaring the senate's
opposition to the confirmation of the
sale of 34 to 39 Mr. Allen (Neb.) in-
troduced a resolution instructing the
naval affairs committee to investigate
the blowing up of the Maine. The re-
solution went over. The senate then
decided to take a vote on the title of
Senator Corbett (Or.) to a seat in the
senate. The house debated the bank-
ruptcy bill.

Murderer Merry Resisted.
SPRINGFIELD, Ill., Feb. 18.—Christo-
pher Merry, the peddler, who was to
have been hanged today for wife mur-
der, has been respite for 60 days by
Governor Tanner. Merry's lawyers
asked for time to appeal to the supreme
court.

HOW SPANIARDS FEEL

Visit of United States Warships to
Cuba Annoying.

WHAT THE ALARMISTS PROPOSE

They Desire the Closing of Harbors of
Cuba and Spain to American Vessels
and the Withdrawal of Auto-
nomy—Seat of War Properly In
New York and Washington.

MADRID, Feb. 18.—While admitting
that the visits paid by United States
men-of-war to Cuba are "annoying,"
and that those proposed to be paid to
Spain will be "still more annoying,"
should they take place, and that it is
matter for regret that since the new
regime has come into force in Cuba all
the insurgents have "not yet sub-
mitted," The Liberal of this city, points
out the absurdity of following the sug-
gestions made by the alarmists in Spain.
These suggestions are:

1. To close the harbors of Cuba and
Spain to the American vessels, even
though they come in the guise of cour-
teous visitors, and if they take it ill then
declare war against them.

2. Withdraw the new form of gov-
ernment granted to Cuba, raise the ef-
fective army there to 200,000 men, and
go on as before.

The Liberal urges that patience and
calmness are the remedies now required
to meet the difficulties facing Spain,
adding:

"If dangers threaten, let them be
met with composure and due measures
taken to overcome them as far as pos-
sible. With nations, as with individ-
uals, shrieking and excitement in the
presence of peril, far from being proofs
of valor, are evidence only of weakness
of mind."

The Liberal calls attention to the fact
that the reasonable and practicable
opinion in the United States is against
a war, in proof of which it quotes from
the New York press as saying is well
known in the United States that "once
hostilities begin the results will be very
uncertain," and that is "just as likely
that New York and Boston may be re-
duced to ashes as Barcelona and Cadiz."

"On that account," The Liberal adds,
"and because of the numerous commer-
cial losses that would ensue no one
wishes to plunge into extravagant ad-
venture. Even the jingoes pay some
tribute to common sense, though at the
same time they indulge in their habit-
ual boasting."

In conclusion, The Liberal says: "If
we keep calm and pursue with decision
and unity the right path, neither the
naval evolutions nor the diplomatic
maneuvers of the United States will
have any power against us."

The Herald bluntly says that the
"real seat of the war is not in Cuba,
where it would be impossible for 20,000
rebels, led by ignorant leaders, to make
head against the Spanish arms, but in
New York and Washington."

FRANCIS WILLARD.
The Great Temperance Advocate Passes
Away.
NEW YORK, Feb. 18.—Miss Frances
E. Willard, president of the Woman's
Christian Temperance union, died short-
ly after midnight this morning at the
Hotel Empire, this city. At the bedside
of Miss Willard at the time of her death
were her niece, Mrs. W. W. Baldwin,
Mrs. L. M. M. Stevens, vice president
of Woman's Christian Temperance
union; Miss Anna M. Gordon, Miss
Willard's secretary, and Dr. Alfred K.
Hill. Miss Willard had been ill for
about three weeks.

OHIO LEGISLATURE.
Resolutions Passed Deploing the Loss
of Life In Havana Harbor.
COLUMBUS, O., Feb. 18.—The senate
yesterday adopted a joint resolution de-
ploing the loss of life in the destruc-
tion of the battleship Maine and extend-
ing sympathy to mothers, wives and
daughters of those who perished. The
resolution suggested the halfmasting
of the flags on the state buildings. Lieut-
enant Governor Jones announced that
he had already ordered the halfmasting
of flags. The house, on motion of Chas.
of Clermont, suspended the rules and at
once concurred in the senate resolution.

Attention Paid to Landis.
WASHINGTON, Feb. 18.—In the course
of the debate on the bankruptcy bill
yesterday Mr. Maddox (Dem., Ga.) took
occasion to reply to a speech made by
Mr. Landis (Rep., Ind.) last week be-
fore the Middlesex club of Boston. He
denounced Mr. Landis' reference to the
south and her people as slanders, and
said that a man who would indulge in
such misrepresentation at a public din-
ner was unworthy of a place on the floor
of the house.

DR. PRICE'S CREAM BAKING POWDER

A Pure Grape Cream of Tartar Powder. 40 YEARS THE STANDARD.

PROMPTLY ACQUITTED.

Not Sufficient Evidence to Even Warrant a Trial.

The case of the State against J. H. Hodapp and George Winkhofer was called in circuit today. They were charged with misappropriating funds of the old Home Furniture Co. when connected with the management of that institution, and the indictment was returned by that late illustrious grand jury.

The case was called today and all parties were ready for trial. A statement of the case was made after which witnesses for the prosecution were called. Four witnesses were examined and by that time it was very evident that no case could be made against the defendants. Though the state's attorney had placed only about half of the witnesses for the prosecution on the stand he fully realized the situation and very properly rested the case. Judge Voyles seeing that no evidence of consequence had been introduced against the defendants and that there was no probability of a case against them acquitted them and dismissed the case.

The many friends of Messrs. Hodapp and Winkhofer, who never believed for a moment that they were guilty, as charged will be pleased to know of their prompt acquittal.

The Result of Spite.

J. H. Hopewell was fined in the circuit court Thursday \$20 on the charge of neglect of duty as an officer. The case grew out of the disturbance at the B. & O. S. W. depot the night after the county seat election, at which time Alex. Davison concluded he was possessed with an over zealous and enthusiastic following. The REPUBLICAN does not desire to criticize the court, but to say the least, the indictment is believed to have been the result of spite and prejudice. Grand juries, as well courts, should rise above such things. They can not do their full duty unless they do.

MARRIED.

Lafayette Keller and Miss Mary Eggersman, of Washington township, drove here in a buggy last evening, at 7 o'clock Feb. 17, 1898, and stopped in the rain in front of Justice A. T. Simons' residence and called him out. He was bareheaded and in his shirt sleeves and insisted on them going into the house. They refused to go in but remained in the buggy when Justice Simon said the words that made them husbands and wife, when they drove home through the rain. May their wedded life be pleasant. They are held in high esteem.

GUS REED

The Reputation He Made for Himself at Bedford.

In response to a telegram from the city marshal of Seymour, Marshal Walker arrested a man by the name of Reed on the arrival of No. 1 last Saturday. Reed jumped his board bill and was wanted badly to make an example of. He was taken back to Seymour on No. 2, tried, found guilty and socked into jail to the tune of \$33. This is the same man who claimed over at Bedford to be an inspector of G. A. R. posts but did not have any credentials to establish the fact and was thereupon fired from the post by the Bedford veterans. Ever he got into a fight and was released on bond which he promptly jumped leaving his bondsman to pay up.—Mitchell Commercial.

BOARD OF STATE CHARITIES.

Its Work Among the Dependent Children.

The law, giving the Board of State Charities authority to supervise and assist in the care of the dependent, neglected, and orphan children of the State, has been in force since Feb. 23, 1897 and has been actively administered since the appointment of a state agent, April 1st, 1897. A short review of the results secured will not be out of place at this time.

When the law was passed, there were, in round numbers, 1,500 children being maintained in the various county orphanages, homes and poor asylums of the state, 38 counties owned and maintained orphanages, 19 sent their children to associations for care, while the remaining 45 were keeping their children at their parents' homes and making almost no effort to get them out into more wholesome surroundings. Except in the case of one county orphanage home and five associations, organized to place out children, no special effort was being made anywhere in the state to remove the children from public care. These six agencies placed 170 of the 290 children that were placed during the year ending Oct. 31st, 1897 in that number are not included the special ed by this board.

One of the requirements of the new law is that no child between three and seventeen years shall be maintained in a poor asylum longer than ten days at a time after Jan. 1st, 1898.

Since its establishment, the state agency of this board has succeeded in placing 75 children in homes, who are now in them on indenture or by adoption.

On the basis of the lawful cost of 25 cents a day each, for maintenance of the children at public expense, the work of the state agency thus far has been the means of saving to the sum of \$7,500 annually. Who can compute the saving secured by rescuing these seventy-five children to self supporting citizenship, instead of allowing them to degenerate into paupers or criminals?

DIED.

Conductor John Everharts' son aged nineteen months, died Thursday night, February 17, 1898, with pneumonia.

The remains of Mrs. Frank Hulson who died at her home at Vincennes Wednesday night February 16, 1898, were last night taken to Crothersville, her former home, for interment. She was about forty-seven years old.

Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and side, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately I had tried 'Electric Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at W. F. Peter's Drug Store.

Food, undigested, is poison. Digested, it is life and strength. Millions of us suffer from indigestion, but we often don't know it. We think it is something else. Even doctors often mistake the symptoms.

Pale, thin people, who are overworked who need strength, who seem in want of proper food, should take Shaker Digestive Cordial. It is astonishing what food will do, when properly digested.

It will make you strong, revive you, refresh you, sustain you, make you fat, restore your color, make muscle, brain, fibre, courage, endurance, energy, increase your power to throw off disease and keep you healthy and happy. Indigestion does just the opposite, but indigestion can be cured and prevented with Shaker Digestive Cordial. At druggist. Trial bottle 10 cents.

Jury Disagreed.

The case of the state of Indiana vs. Charles R. Applegate for practicing medicine without a license, which was taken from Vernon township on a change of Venue and was sent to Davis' court Thursday. It resulted in the jury failing to find a verdict. The jury stood eight for conviction and four for acquittal. The case is set for another trial on the 18th of February.—Crothersville Commercial.

ORIENTAL EYES.

Their Much Landed Beauty Due to False Modes of Living.

An esteemed correspondent of The Woman's Arena writes, "May not the much lauded largeness and luster of the oriental eye be due to false modes of living and to a low grade of civilization?"

In the first place these charms are never found among the working classes or among the tillers of the soil. They belong to the harem and to the harem civilization.

I have examined the women's quarters in Constantinople and Cairo, in Aden and Bombay, in Calcutta and Japan, and even in Hongkong and Canton, and in nearly every instance the women's rooms were small and dark. Where there were windows these were mere slits in the wall, which did not allow any direct light to enter.

The doorway was small and the door was solid and nearly always closed. The lamp was usually a taper and sometimes a candle. The room or rooms looked out upon a long hall or corridor, which was also dark and gloomy, and this in turn upon an arched and roofed veranda.

In nearly all of these places a woman's daily life was conducted in shadow and shade, and after sundown she had less light than fell to the lot of the pilgrim fathers 250 years ago.

Under these conditions the human eye develops like that of the cat and dog. It becomes larger and seemingly more lustrous in order to allow the owner to move about in safety and comfort. Transfer this unfortunate woman to the open street, the field or the deck of a steamer, and her eyes are in a torture from the sunlight. Her forehead is contracted by a terrible frown, her eyelids are screwed together and her eyes seem to be just the opposite of what they are described in poetry and romance.

It may be I am all wrong, but of all poetic humbugs, I think that the false-like orb of the orient is the biggest.

Significant.

A drawing master who had been worrying a pupil with contemptuous remarks about his deficiency of skill in the use of the pencil ended by saying:

"If you were to draw me, for example, tell me what part you would draw first."

The pupil, with a significant meaning in his eye, looked up to his teacher's face and quietly said:

"Your neck, sir."—Pick Me Up.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble on some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours, sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the Republican and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its truthfulness in this offer.

Chamberlain's Cough Remedy Always Proves Effective.

There are no better medicines on the market than Chamberlain's. We have used the Cough Remedy when all others failed, and in every instance it proved effective. Almost daily we hear the virtues of Chamberlain's remedies extolled by those who have used them. This is not an empty puff, paid for at so much a line, but is voluntarily given in good faith, in the hope that suffering humanity may try these remedies, and like the writer, be benefited.—From the Glenview (W. THE AMERICAN MONTHLY REVIEW

It is impossible to promise particular features that will appear in the "AMERICAN MONTHLY" during the coming year, for it is, as the Bookman says, "a great monthly newspaper." As such, it prints for its readers an illustrated account of the notable things which make the history of the month, of the political, the economic, and literary happenings which are of value to intelligent men and women. The Editor's "Progress of the World" tells succinctly an illustrated story of the month. The "Leading Articles" give the best thought and information of the current magazines in five contents; the contributed articles furnish the character sketches of the man of the month, and give timely discussions by authorities on any question of immediate serious import.

The result of this comprehensive effort to edit in one monthly volume the information needed by intelligent people of "live" instincts is best gauged in the opinions which the readers of the AMERICAN MONTHLY have seen fit to express. These are thinking business men, clergymen, editors, lawyers, professors, engineers, the wide-awake women of America. They write that the AMERICAN MONTHLY "is indispensable," "is simply invaluable," "is a generous library in itself," "is a historical cyclopedia of the world," "the best means of aid for a busy man," "the best periodical of the kind we have ever had," "a triumph of editorial genius," "the world under a field-glass," etc., etc.
